Children Cry FOR FLETCHER'S CASTORIA

ALLIES JOIN SERBS

FOR INVASION

BULGARIA

Combined Forces Have Begun Attack on Fortress of Strumitza

HAVE CROSSED GREEK BORDER

French Troops Attempting to Take Railway Bridge Encounter Large Bulgarian Force.

London, Oct. 18.—The allied forces from Salonica have begun operations against the Bulgarians with unexpected zeal and already the Serbo-Anglo-French forces have penetrated into Bulgarian territory just north of the Greek boundary and are attacking the Bulgarian stronghold of Strumitza, according to advices received from Salonica by Reuters telegram company, by way of Athens. The allies declare that "the fall of Strumitza is imminent." The dispatch continues: "The Serbs, aided by the allies, repulsed the Bulgarians, who retreated on Strumitza. It was learned from diplomatic sources that Field Marshal von Mackensen, the German commander, has demanded reinforcements."

A dispatch from Athens at 11.35 p. m. yesterday says that the French troops in Macedonia have received their baptism of fire near the railway bridge at Hudovo Vrhodovo, where they were attacked by 40,000 Bulgarians. The fighting continues.

French troops have encountered the Bulgarian army at Ghevgheli, according to a dispatch to the London Exchange telegraph company from Athens. Ghevgheli, or Ghevgheli, is on the Nish-Salonica railway line in Serbia, about nine miles north of the Greek border. A dispatch from Athens to a London news agency Saturday night said that the railway administration at Salonica had been ordered to prepare seven trains for the transport of allied troops to Ghevgheli. Another news agency dispatch to London from Athens stated that allied troops had left Salonica on Saturday for the Serbo-Bulgarian frontier.

DO THIS FIRST—YOU!

You know, and every physician knows, that when any sickness has passed, whether it be throat trouble, organic disturbances, contagious diseases, or even a severe cold, a relapse is feared, because sickness robs the system of Nature's resistance and leaves it subject to lingering germs.

Drugs never build up a worn-out body—only food can do that, and the first thing to take after any sickness is the concentrated, blood-making oil in Scott's Emulsion, which feeds the tissues, benefits the blood and strengthens both lungs and throat.

Physicians prescribe Scott's Emulsion after sickness. Nurses everywhere advocate it. Scott's is pure medicinal food, without alcohol or drugs.

Scott & Bowne, Bloomfield, N. J.

M'KEE-M'CANDLISS

Quiet Church Wedding at St. Peter's This Afternoon.

Miss Eugenia Annette McCandliss, and Rev. James Elmer McKee were married at St. Peter's church at 3 o'clock this afternoon by the rector, Rev. Thornton F. Turner. Only the immediate relatives of the bride and bridegroom were present.

The bride wore a gown of blue panne velvet, trimmed with chiffon and fur and a hat of black velvet with silver lace and roses.

The bride is the daughter of Mrs. Quackenbush McCandliss and the granddaughter of the late Cebra Quackenbush of Indian Hill Farm, Hoosick. She was educated at Chateau and at Villa Brillant Mont, Lausanne, Switzerland.

Rev. McKee, who is a son of Mr. and Mrs. Thomas McKee of Port Washington, N. Y., is a graduate of St. Stephens College and of the General Theological Seminary of New York. He was for two years the assistant rector at St. Peter's and is now the rector of St. Paul's church, Vergennes. The good wishes of a large circle of friends will go with Mr. and Mrs. McKee to their new home.

FORTNIGHTLY OPENING

Twenty-Fourth Season Begins with Musicals and Social Tea.

The 24th season of the Fortnightly opened most auspiciously on Saturday afternoon with a large attendance and a pleasing program. The meeting was held at the Congregational chapel and was opened promptly at three o'clock by the vice-president, Mrs. Lester H. Nichols, who presided over the brief business session. Fourteen new names were voted in to membership and all signs seem to promise a successful year.

The afternoon was in charge of Mrs. Harry S. Moses, who prefaced her introduction of the musicians with a few appropriate extracts from an article on "The Power of Music in the Community," recently written by the general federation, chairman of music.

A delightful program was rendered by Madame Ravi-Brooks, mezzo-soprano of Manchester and Willard D. Lawrence, cellist of Troy, accompanied by Mrs. Albert W. Varney. All are musicians of unusual merit and were heartily applauded. Several encores were given very graciously by the artists and at the close of the program they were surrounded by friends and admirers who were eager to personally express their appreciation. The complete program was as follows:

- Massenet Aria from "Gloconda" Ponchielli
- Air de Ballet Offenbach
- (a) Viola Tosti
- (b) Viola o Serenata Tosti
- Remembrance Telma
- (a) June Beach
- (b) A Necklace of Love Nevin
- (c) Night Ronald
- Serenade Badine Gabriel-Marie
- Intermezzo from "Thais" Massenet
- A social tea in the ladies' parlor, arranged by Mrs. Arthur W. Rockwood and Mrs. George G. Bond, of the hospitality committee, closed the afternoon most happily. Mrs. Frank E. Howe and Miss Mary Gates. Cook presided at the prettily decorated tea table and were assisted in serving by ten young ladies.

The next club meeting will be at the Congregational chapel on October 30, the program in charge of the current events committee, Miss Helena L. Norton, chairman, and the subject the "Panama-Pacific Exposition."

WEATHER FORECAST

For eastern New York and western Vermont unsettled tonight and Tuesday, probably rain. Warmer tonight.

WOMAN WEAK, RUN-DOWN

Finds Health in a Simple Tonic. People in Bennington will begin to believe us when we say that our delicious Vinol is a wonderful tonic and strength creator.

Here is another case where it proved its wonderful power to overcome weak, run-down, nervous, anaemic conditions.

"I was run-down, nervous, and could not do any work without being entirely exhausted, and would often faint without any apparent cause. The doctor said I was anaemic but failed to help me. My husband brought home a bottle of Vinol and I began to improve after taking one bottle, and after taking four bottles it has built me up so I can do all my household work without help. I recommend Vinol to a neighbor, who says her doctor approves of it and said 'Vinol is a wonderfully good tonic.'" Mrs. Bessie Hering, West Philadelphia, Pa.

We recommend Vinol to our customers as the greatest strength creator we know—due to the extractive medicinal elements of fresh cod livers, without oil combined with peptonate of iron and beef peptone, all dissolved in a pure medicinal wine.

SLAV POSITIONS

SOUTH OF RIGA

CAPTURED

New German Offensive May Mean Fall of Russian Seaport

RUSSIANS STILL HOLD DVINSK

Germans Strengthen Fortifications for What Looks Like a Long and Persistent Campaign.

London, Oct. 17.—The Germans have taken the offensive south of Riga and forced the Russians out of their positions, capturing a large number of prisoners and some guns. On the rest of the eastern front, the offensive remains in the hands of the Russians, who are attacking west of Dvinsk, in the center, and to the south of the Pripiet river.

On the whole it appears to observers here as if the Germans were satisfied merely to hold their present line, except in the north where they have made repeated attempts to take Dvinsk. This would mean the fall of Riga and would compel the Russians to withdraw behind the Dvina river. This ambition has already cost the Germans many thousands of men, but they keep on trying, first in the north, then in the south and then on the Dvinsk front. At present their attacks are developing the greatest force in the north.

There is somewhat of a lull in Flanders and Champagne on the western front—probably the calm before another storm of shells. Activity, for the moment has been transferred to Lorraine, where the French report the capture of a trench north of Reillon, and to the Vosges, where the Germans have again withdrawn from Hartmannsweilerkopf, which has changed hands many times.

Petrograd, via London, Oct. 17.—The Germans have materially strengthened their fortifications in the Jacobstadt district, southeast of Riga, giving them a character of permanency. This leads Russian military observers to conclude that a renewal of operations in the Riga district is designed to divert attention from the Dvinsk district and from the southern war theatre, which latter is assuming daily greater importance because of the Balkan situation.

The capture by the Russians of the Gateri farm, midway between lakes Demmen and Dreswaity, from which they drove the Germans with great slaughter, besides capturing many prisoners, gives the Russians command on the line southward from Dvinsk through Dreswaity to Lake Boginsky.

Rome, Oct. 17. (via Paris).—The Italians have stormed Peregiasina, an important advanced position of the Riva defenses in Trentina, according to an official communication issued today. The communication is from the General Headquarters of the Italian Army and is dated Oct. 17. It says:

By a bold and well-conducted operation our troops took by storm the strong position of Peregiasina, an important advanced point of the Riva group of fortifications in the rugged mountainous zone to the west of Lake Garda.

London, Oct. 17.—The French scored two successes in last night's fighting, capturing a German barricade south-east of Neuville-St. Vaast, in Artois, and a trench 100 meters long north of Reillon, in Lorraine. Violent artillery duels continued throughout the day on the Loos and Souchez fronts and in Champagne.

The German official report admits the loss of the Hartmannsweilerkopf trenches, captured yesterday by the French forces in the Vosges.

In reprisal for the recent Zeppelin raid on London, a squadron of French aeroplanes has dropped bombs on the city of Treves, in Rhenish Prussia. Another air squadron bombarded a provision post behind the German lines on Saturday.

London, Monday, Oct. 18.—The Germans have taken the offensive south of Riga and forced the Russians out of their positions, capturing a large number of prisoners and some guns. On the rest of the eastern front the offensive remains in the hands of the Russians, who are attacking west of Dvinsk, in the center and to the south of the Pripiet river.

On the whole it appears to observers here as if the Germans were satisfied merely to hold their present line, except in the north, where they have made repeated attempts to take Dvinsk. This would mean the fall of Riga and would compel the Russians

to withdraw behind the Dvina River. This ambition has already cost the Germans many thousands of men, but they keep on trying first in the north then in the south, and then on the Dvinsk front. At present their attacks are developing the greatest forces in the north.

South of Dvinsk the Russians report an advance in the engagements. The German losses here are said to be very heavy, while the Russians continue to make gains toward the Dvinsk-Vitua Railroad.

Paris, Oct. 18.—The Bulgarians have attacked points on the Saloniki and Nish railroad with the evident intention of preventing the transportation of allied troops who are pushing forward to the aid of the Serbians.

Rome, Oct. 18.—Troops have been landed at Enos and the government at Saloniki has been ordered to provide trains for their transportation.

London, Oct. 18.—Seventy-one persons were killed when an Austrian submarine sank the French steamer in the Mediterranean.

CAPT. C. S. ROBERTSON SLAIN

Member of Oxford Relay Team That Came Here Last Year

London, Oct. 13.—Captain C. S. Robertson has been killed in France. He came from Trent College, Oxford University, where he obtained prominence as an athlete.

He was a reserve member of the relay team of runners which won its race at the relay games at the University of Pennsylvania last year.

ROOSTER HAS BEEN CAPTURED

Bird Alleged to Have Been Stolen From W. A. Root.

The lost has been found. The stolen rooster has been recovered. The rooster was quietly vanished from the hen house of Wm. A. Root recently, is now in the custody of the court officer.

Who took him, where he was found, and all the facts connected with the case will be brought out at the trial under the auspices of the Ladies' Auxiliary of the Y. M. C. A. in High School hall on Tuesday evening, Oct. 19.

The bird will be on exhibition at Griswold's from Saturday until Tuesday when he will be removed to High school hall and will make his final public appearance as a witness. It will be amusing to watch the face of the defendant as that rooster looks him in the eye.

DISCOURAGING

Mr. Botts—I think, my dear, that I have at last really found the key to success.

Mrs. Botts—Well, just as like as not you'll not be able to find the keyhole.—Ohio State Journal.

SOUTH SHAFTSBURY

A. F. Hawes, state forester, was in Shaftsbury Wednesday looking for cases of chestnut blight and found cases which were suspicious.

Notice to Public!

We the undersigned milkmen of the town of Bennington, do hereby agree to advance the price of milk from six cents to seven cents per quart, to take effect on the 19th day of October 1915.

Owing to the high price of dairy feed, and the present price of cows, we have found it necessary to make this advancement in the price of milk.

Signed:—

SEVEN CENT MILK

IN BENNINGTON

TOMORROW

Local Dealers Reached Agreement at Meeting Saturday Night

FEED EXPENSIVE AND COWS FEW

Agitation to Increase Price Has Been In Progress for Some Time.

The price of milk in Bennington will be advanced tomorrow, October 19, from six to seven cents per quart. The dealers held a meeting Saturday evening for the purpose of discussing the situation and signed an agreement to advance the price one cent a quart.

All of the dealers present were agreed that conditions made it necessary for them to increase the price of milk to their customers, but some of them were in favor of advancing the price from six to eight cents.

An agitation among the dealers for an increased retail price of milk has been in progress for some time. According to the statements of the milk men there are fewer cows on the farms in this vicinity than was the case a few years ago and the price for dairy feed has been steadily increasing.

Nearly all of the dealers were present at the meeting or were represented. Shadowbrook Farm, the property of Seymour Van Santvoord, was not a party to the agreement, but it is understood that milk from this dairy will be sold at the same price as by the signers.

The dealers in the agreement are G. H. Moore & Son, Louis Briggs, H. Rice & Son, E. A. Howard, John Scully, Fillmore Farms, Philip Jacobs, F. A. Humphries, George Smith, Bert Elliot, G. Louis Harwood.

GAS-LEAK CAUSED FIRE

Alarm This Morning Rung for Blaze in Pratt House Near Bradford Plaza.

A peculiar accident to a gas meter in the tenement occupied by Fred H. Roller on East Main street opposite Bradford's mill resulted in calling out the fire company at 10:30 this morning. An averaged-sized meter is alleged to have been blown from the pipe connection and from some source yet unknown the escaping gas ignited, sending a torch about two feet in length against the floor rafters in the cellar.

An alarm was rung from box 14 near Vial's store and the chemical extinguishers on the Bradford Hook & Ladder company's truck put out the blaze before it made much headway. It is reported by those who entered the cellar in advance of the firemen that the meter was blown at least a dozen feet from its location and the pipe fused off as though a torch had been applied. Damage to the house, which is owned by Dr. F. S. Pratt, was very slight.
